

Chapter 87

Vehicles other than railway or tramway rolling-stock, and parts and accessories thereof

Notes.

- 1.- This Chapter does not cover railway or tramway rolling-stock designed solely for running on rails.
- 2.- For the purposes of this Chapter, “tractors” means vehicles constructed essentially for hauling or pushing another vehicle, appliance or load, whether or not they contain subsidiary provision for the transport, in connection with the main use of the tractor, of tools, seeds, fertilisers or other goods.

Machines and working tools designed for fitting to tractors of heading 87.01 as interchangeable equipment remain classified in their respective headings even if presented with the tractor, and whether or not mounted on it.
- 3.- Motor chassis fitted with cabs fall in headings 87.02 to 87.04, and not in heading 87.06.
- 4.- Heading 87.12 includes all children's bicycles. Other children's cycles fall in heading 95.03.

Subheading Note.

1.- Subheading 8708.22 covers :

- (a) front windscreens (windshields), rear windows and other windows, framed; and
- (b) front windscreens (windshields), rear windows and other windows, whether or not framed, incorporating heating devices or other electrical or electronic devices, when suitable for use solely or principally with the motor vehicles of headings 87.01 to 87.05.

Additional Note.

In this Chapter, a used vehicle refers to a vehicle which has been used, aged more than six (6) months from the date of first registration or have been driven for 6000 kilometres or more.
